### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the Baltimore Symphony Orchestra, Inc. and Affiliates:

We have audited the accompanying consolidated financial statements of the Baltimore Symphony Orchestra, Inc. and Affiliates (collectively, the Symphony), which comprise the consolidated statements of financial position as of August 31, 2019 and 2018, the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Baltimore Symphony Orchestra, Inc. and Affiliates as of August 31, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Emphasis of Matter - Change in Accounting Principle

SC4H attest Services, P.C.

As discussed in Note 1 to the consolidated financial statements, the Symphony has adopted Accounting Standards Update (ASU) No. 2016-14, *Presentation of Financial Statements for Not-for-Profit Entities*. Our opinion is not modified with respect to that matter.

# 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Description of Business**

The Baltimore Symphony Orchestra, Inc. (the Orchestra or Baltimore Symphony) is a non-profit organization whose purpose is to maintain a symphony for the State of Maryland, present musical concerts and develop a widespread appreciation of fine music.

On March 28, 2006, the Baltimore Symphony Endowment Trust (the Endowment Trust) was formed to protect and hold the permanently restricted endowment funds which had historically been contributed to the Baltimore Symphony Orchestra, Inc. as a permanent endowment, together with the Joseph Meyerhoff Symphony Hall and Cathedral Parking, Inc. The Endowment Trust was formed and instructed to dedicate the funds for such purposes, and subject to such restrictions, as are consistent with the original donor intent. The Board of Trustees of the Endowment Trust consists of nine trustees, three of whom serve by virtue of their positions with the Baltimore Symphony (the Chairman of the Board, the President and the Chairman of the Budget and Finance Committee). The remaining six trustees, which constitute the majority, are appointed to staggered terms by the Baltimore Symphony Board and may not be officers, directors or employees of the Baltimore Symphony. Furthermore, to ensure that the appointed trustees act with the appropriate level of independence, once appointed they may not be removed except by a supermajority vote of the Baltimore Symphony Board. While the Endowment Trust is a separate legal entity with a Board of Trustees that is separate from the Orchestra's Board of Directors, the financial statements of the two organizations are consolidated in accordance with Accounting Standards Codification 810, Consolidation (ASC 810) and Codification 958-810, Notfor-Profit Entities: Consolidation (ASC 958-810).

On May 31, 2006, in conjunction with the establishment of the Endowment Trust, the Baltimore Symphony transferred a portion of its investment portfolio, the Joseph Meyerhoff Symphony Hall, other property and equipment and promises to give to the Endowment Trust.

Cathedral Parking, Inc. (Cathedral Parking) owns and operates a parking garage adjacent to the Joseph Meyerhoff Symphony Hall.

Collectively, the three organizations are referred to as the Organization or Symphony.

### **Basis of Accounting**

The accompanying consolidated financial statements are presented in accordance with the accrual basis of accounting, whereby revenue is recognized when earned and expenses are recognized when incurred.

Notes to the Consolidated Financial Statements For the Years Ended August 31, 2019 and 2018

# 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

### **Basis of Presentation**

The consolidated financial statement presentation follows the recommendations of the ASC 958-205, Not-for-Profit Entities: Presentation of Financial Statements (ASC 958-205). Under ASC 958-205, the Symphony is required to report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions. During the year ended August 31, 2019, the Organization adopted the provisions of Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities, which improves the current net asset classification and the related information presented in the financial statements and notes about the Organization's liquidity, financial performance and cash flows.

Net Assets Without Donor Restrictions - Net assets without donor restrictions are the net assets that are not subject to donor-imposed restrictions. Contributions with donor-imposed restrictions that are met in the same reporting period that the contribution is received are reported as net assets without donor restrictions.

Net Assets With Donor Restrictions - Net assets with donor restrictions result from contributions whose use is limited by donor-imposed stipulations. Net assets may be donor restricted for various purposes, such as use in future periods or use for specified purposes. Donor restrictions may expire by the passage of time or can be fulfilled and removed by actions of the Symphony pursuant to these stipulations. Net assets with donor restrictions may also result from contributions whose use is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by the Symphony's actions.

Revenues are reported as increases in net assets without donor restrictions unless the use of the related asset is limited by donor-imposed restrictions or by law. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments are reported as increases or decreases in net assets without donor restrictions, unless their use is restricted by explicit donor stipulations or by law. Expirations of temporary restrictions recognized on net assets, such as the fulfillment of donor-stipulated purpose and/or the passage of stipulated time period, are reported as reclassifications from net assets with donor restrictions to net assets without donor restrictions. Temporary restrictions on gifts to acquire long-lived assets are considered met in the period in which assets are acquired or placed in service.

### **Principles of Consolidation**

The consolidated financial statements include the accounts of the Orchestra, the Endowment Trust and Cathedral Parking. All intercompany activity has been eliminated in the consolidation.

### Cash and Cash Equivalents

Cash equivalents consist primarily of bank overnight investment funds. Cash and cash equivalents include \$349,000 and \$324,000 that is restricted for the payment of unemployment claims as of August 31, 2019 and 2018, respectively.

### Receivables

Receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received. No allowance has been recorded as of August 31, 2019 and 2018 as management believes all receivables are collectible. Receivables, which totaled \$631,000 and \$804,000 as of August 31, 2019 and 2018, respectively, are included in prepaid expenses and other assets on the consolidated statements of financial position.

# 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

### Contributions and Promises to Give

Contributions are recognized when the donor makes a promise to give to the Symphony that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

In accordance with ASC 958-605, *Not-for-Profit Entities: Revenue Recognition* (ASC 958-605), promises to give in a future accounting period are discounted to their net present value at the time the revenue is recorded. The Symphony's promises to give are discounted at a rate of 5% as of August 31, 2019 and 2018.

The Symphony uses the allowance method to determine uncollectible promises to give. The allowance is based on historical collection experience and management's analysis of specific promises to give.

### **Investments**

Investments are stated at fair value. For investment purposes, securities of endowment net assets are commingled. The Investment Committee, with general guidelines from the Board of Directors, has full discretionary authority for the purchase and sale of securities. Realized and unrealized gains or losses incurred on securities are charged or credited to current operations and are recorded in the consolidated statements of activities.

### **Investment Risks and Uncertainties**

The Symphony invests in a professionally managed portfolio that contains shares of common stocks and bonds of publicly traded companies, U.S. Government obligations, mutual funds, money market funds, and alternative investments. Such investments are exposed to risks such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment balances and the amounts reported in the consolidated financial statements.

### Gift Annuities

The Symphony operates a charitable gift annuity agreement program, whereby donors contribute a specific sum of money to the program in exchange for specified payments to be made to a designated beneficiary. Upon death of the beneficiary, the amount of the original gift reverts to the Symphony and can be released for general operations. An actuarially determined present value of expected future annuity payments is recorded as a liability. This amount is discounted at an expected rate of return over the remaining expected life of the beneficiary. The excess of the gift amount over the liability is recorded as revenue by the Symphony. Each subsequent year, the Symphony records revenue for the passing of the year, as the liability is incrementally decreased. The liability for these trusts is included in annuities payable on the consolidated statements of financial position.

### **Property and Equipment**

Property and equipment are stated at cost, if purchased, or at fair value at date of gift, if donated. Additions or improvements that substantially increase the value of the assets are capitalized. The Symphony capitalizes property and equipment additions and improvements in excess of \$1,000. The costs of maintenance and repairs are charged to operations as incurred. Depreciation is provided on the straight-line method based on the assets' estimated useful lives (50 years for buildings and building improvements and 3 to 10 years for equipment and furnishings).

### **Interest Rate Swap Agreement**

The Symphony has entered into an interest rate swap agreement to protect against interest rate risks associated with certain variable rate debt (see Note 7). The fair value of the swap agreement is recorded in the consolidated statements of financial position while the gain or loss resulting from the change in the fair value of the agreement is recorded in the consolidated statements of activities as a component of non-operating income or expense. It is management's intention to hold the swap agreement until maturity, at which time the fair value will be zero and all previously recorded gains or losses will have been reversed.

### Valuation of Long-Lived Assets

The Symphony accounts for the valuation of long-lived assets under ASC 360, *Property, Plant and Equipment* (ASC 360). ASC 360 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived asset is measured by a comparison of the carrying amount of the asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. Assets to be disposed are reportable at the lower of the carrying amount or fair value, less costs to sell. As of August 31, 2019 and 2018, management does not believe any long-lived assets are impaired and has not identified any assets as being held for disposal.

### Revenue Recognition

Amounts received from ticket sales and Joseph Meyerhoff Symphony Hall rentals are recognized as revenue in the year service is provided. Amounts received in advance are reported as deferred revenue. Grant revenue is recognized in the year in which the stipulations of the grants are fulfilled.

Amounts received from parking ticket sales for Cathedral Parking are recognized as revenue in the year the service is provided. Amounts received in advance are reported as deferred revenue.

### **Income Taxes**

The Orchestra and the Endowment Trust are generally exempt from Federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. In addition, the Orchestra and the Endowment Trust qualify for charitable contribution deductions under Section 170(b)(1)(A) and have been classified as organizations that are not private foundations under Section 509(a)(1). The Endowment Trust is a Type I supporting organization under Section 509(a)(3)(B)(i). Income that is not related to exempt purposes, less applicable deductions, is subject to Federal and state corporate income taxes. The Orchestra and the Endowment Trust had no significant unrelated business income for the years ended August 31, 2019 and 2018.

### Income Taxes - cont'd.

Cathedral Parking is a taxable entity subject to Federal and state income taxes and accounts for income taxes in accordance with ASC 740, *Income Taxes* (ASC 740). ASC 740 requires the recognition of deferred tax assets and liabilities for the expected future consequences of events that have been recognized in the consolidated financial statements or tax returns. Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more-likely-than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

No taxes were payable during the years ended August 31, 2019 and 2018 as a result of a net operating loss. The tax net operating loss carryforward at August 31, 2019 approximates \$1,713,000. This amount is available to offset future taxable income, and is in excess of the book loss carryforward due to additional depreciation expense for tax purposes. These carryforwards will expire beginning in 2020 and ending in 2029.

During the years ended August 31, 2019 and 2018, Cathedral Parking, Inc. recorded a valuation allowance of approximately \$360,000 and \$368,000, respectively, on the deferred tax assets to reduce the total net deferred tax asset to zero for both 2019 and 2018. Realization of deferred tax assets is dependent upon sufficient future taxable income during the period that deductible temporary differences and carryforwards are expected to be available to reduce taxable income. The U.S. Federal tax rate was reduced from 34% to 21% effective January 1, 2018 thereby reducing the amount of the deferred tax asset and related valuation allowance.

ASC 740 prescribes a recognition threshold and a measurement attribute for the consolidated financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and consolidated financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than not to be sustained upon examination by taxing authorities. The amount recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. The Symphony continues to remain subject to examination by U.S. Federal authorities; however, there are currently no audits in progress.

The Symphony recognizes interest and penalties accrued on any unrecognized tax exposure as a component of income tax expense. The Symphony does not have any amounts accrued relating to interest and penalties as of August 31, 2019 and 2018.

### Credit Risk

Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor. At various times during the years ended August 31, 2019 and 2018, the Symphony held amounts on deposit at various financial institutions in excess of the maximum amount insured by the FDIC. The Symphony has not experienced any losses and believes it is not exposed to any significant credit risk with respect to its cash.

### Advertising

The Symphony expenses advertising costs when incurred. During the years ended August 31, 2019 and 2018, advertising expense, which is included in operating expenses on the consolidated statements of activities, totaled approximately \$346,000 and \$703,000, respectively.

### Recently Issued Accounting Pronouncements and Accounting Changes

In June 2018, FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made, which clarifies and improves the scope and accounting guidance for contributions. ASU 2018-08 clarifies whether certain transactions should be characterized as contributions (nonreciprocal transactions) within the scope of Topic 958-605 or as exchange (reciprocal) transactions subject to other guidance such as Topic 606, Revenue from Contracts with Customers. The ASU provides criteria for determining whether the resource provider is receiving commensurate value in return for the resources transferred. It also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. The update as it relates to contributions received and made is effective for periods beginning after December 15, 2018 and December 15, 2019, respectively. Early adoption is permitted. Management has elected not to early adopt ASU 2018-08 and will assess its future impact.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The distinction between finance leases (previously capital leases) and operating leases is substantially similar to the distinction between capital leases and operating leases in the previous leases guidance. Lessor accounting is largely unchanged. For lessees, leases under both categories will be reported on the statement of financial position as a depreciable right-to-use asset and a liability to make lease payments. The asset and liability should be initially measured at the present value of the lease payments, including payments to be made in optional periods only if the lessee is reasonably certain to exercise an option to extend the lease or not to exercise an option to terminate the lease. The asset will be depreciated and the liability will be reduced by lease payments. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election not to recognize lease assets and liabilities.

In November 2019, the FASB deferred the effective date of the lease guidance for non-public entities to be fiscal years beginning after December 15, 2020. Management has elected not to early adopt ASU 2016-02 and will assess the future impact on any leases.

### Recently Issued Accounting Pronouncements and Accounting Changes - cont'd.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which amends the existing accounting standards for revenue recognition. ASU 2014-09 supersedes the revenue recognition requirements in ASC 605 and most industry-specific guidance throughout the Industry Topics in the ASC. Under the new standard, recognition of revenue occurs when a customer obtains control of promised goods or services in an amount that reflects the consideration which the entity expects to receive in exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. In August 2015, the FASB deferred the effective date of the revenue recognition guidance for nonpublic entities to reporting periods beginning after December 15, 2018. Early adoption is permitted. The new revenue standard may be applied retrospectively to each prior period presented or prospectively with the cumulative effect recognized as of the date of adoption. Management has elected not to early adopt ASU 2014-09 and will assess the future impact on the financial statements.

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities* which is effective for fiscal years beginning after December 15, 2017. The amendments in this ASU make improvements to the information provided in financial statements and accompanying notes of not-for-profit entities. The amendments set forth the FASB's improvements to net asset classification requirements and the information presented about a not-for-profit entity's liquidity, financial performance, and cash flows. The Symphony has implemented ASU 2016-14 and has adjusted the presentation of its financial statements accordingly. The ASU has been applied retrospectively to all periods presented. As a result of the pronouncement application, net assets classifications have been reduced from three categories to two categories in the accompanying financial statements.

In November 2016, the FASB issued ASU 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash. Under the new standard, restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown in the statements of cash flows. The new standard was effective and was implemented during the year ended August 31, 2019. The restricted cash has been included in beginning-of-period and end-of-period total cash and cash equivalents in the accompanying statements of cash flows.

### Fair Value Measurement

ASC 820-10, Fair Value Measurements and Disclosures (ASC 820-10), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820-10 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Symphony has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at August 31, 2019 and 2018. The following is a description of the valuation methodologies used for assets measured at fair value:

Cash and cash equivalents: The carrying amounts approximate fair value due to the short maturity of these investments.

Mutual funds: Valued at the closing price reported in the active market on which the funds are traded.

Fixed income securities: Valued based upon sales of identical or similar assets in active markets.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded. All common stock held by the Symphony is traded in active markets to which the Symphony has access.

### Fair Value Measurement - cont'd.

Interest rate swap agreement: Valued using pricing models developed based on the swap rate and other observable market data. The value is adjusted to reflect nonperformance risk of both the counterparty and the Symphony.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Symphony believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following table approximates by level, within the fair value hierarchy, the Symphony's investments at fair value as of August 31, 2019:

<sup>\*</sup> In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) using the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the consolidated statements of financial position.

The Symphony invests in certain entities for which the net asset value per share, or its equivalent, has been used to estimate fair value. The table below summarized these investments as well as the strategies, redemptions, and unfunded commitments related to such investments at August 31, 2019:

- (a) This category includes investments in fund of funds that invest primarily in private equity funds. These investments can only be redeemed through the liquidation of the underlying assets of the funds.
- (b) This category includes limited partnerships that invest in venture capital and corporate finance funds. These partnerships are scheduled to terminate on the tenth anniversary of their final closing date. Distributions are made to investors through the liquidation of the underlying assets.
- (c) This category includes limited liability companies that invest in venture capital and private equity funds. A portion of these funds terminated in January 2017, and the remainder are scheduled to terminate within the next two years. Distributions are made to investors through the liquidation of the underlying assets.
- (d) This category includes limited interests that invest in other corporations and investment vehicles, as well as indirectly through segregated portfolio companies or investment funds. Distributions are made to investors through the liquidation of the underlying assets.

### Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Notes to the Consolidated Financial Statements For the Years Ended August 31, 2019 and 2018

# 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

### **Functional Classification of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses. The Orchestra incurs certain costs that directly relate to and can be assigned to a specific function. Costs that cannot be specifically identified with a particular function and that benefit more than one functional category are allocated on the basis of estimates of the portion of time expended by the staff or square footage of the various functions.

### Reclassification

Certain amounts presented in the prior year's consolidated financial statements have been reclassified to conform to the current year presentation. The reclassification had no effect on previously reported change in net assets or net assets.

### **Subsequent Events**

The Symphony evaluated for disclosure any subsequent events through February 3, 2020, the date the consolidated financial statements were available to be issued and determined that there were no material events that require disclosure, except as disclosed in Notes 3 and 13.

### 2. FINANCIAL CONDITION

As noted in the accompanying consolidated financial statements, the Symphony incurred decreases in unrestricted net assets before non-operating expenses of \$6,345,000 and \$1,286,000 during the years ended August 31, 2019 and 2018, respectively.

During the year ended August 31, 2019, the Maryland General Assembly approved the "John C. Merrill Act" (the Act), which provides for an additional \$3.2 million of state support over two years. It has been confirmed that the funds for the 2020 State budget are unlikely to be released, however the funds for 2021 are expected to be included in the 2021 State budget enacted during the 2020 legislative session. As part of the Act, the State Workgroup, led by former State Senator Ed Kasemeyer and composed of Board members, musicians and staff, is working toward a report to be delivered to the General Assembly in early 2020.

During the year ended August 31, 2019, management engaged Technical Development Corporation (TDC) to lead in-depth analytical work, and subsequently engaged the DeVos Institute of Arts Management to develop a multi-year strategic and financial plan. It is anticipated that the plan will be adopted by the Symphony's Board of Directors in February 2020.

Subsequent to August 31, 2019, the Symphony secured \$6 million in extraordinary unrestricted operating gifts to ensure that it can move forward with the transformative, multi-year planning effort.

Management believes that as a result of the extraordinary gifts and the development of the multi-year strategic and financial plan, the Symphony will improve its operating results and will generate sufficient resources to fund its future operations.

ASC 958-205, Not-for-Profit Entities: Presentation of Financial Statements (ASC 958-205), establishes a framework on the net asset classification of donor-restricted endowment funds for any not-for-profit organization that is subject to a state enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). ASC 958-205 requires expanded disclosures for all endowment funds.

In the event the Symphony receives donor-restricted endowment funds, determination of the net asset classification for the corpus and return on investments is based on the donor's intentions. The Symphony has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that provide an average rate of return of approximately eight percent (8%) annually.

### 3. INVESTMENTS - cont'd.

The current spending policy is to draw a fixed percentage of the average market value of the Endowment, calculated over the trailing twenty quarters. The draw is calculated on an annual basis, with the resulting draw amount to be applied over the next twelve months. The trustees are authorized to provide annual support in an amount up to a maximum of six percent (6%). Historically, however, the practice has been to distribute between five and six percent (5-6%) annually.

### 4. GIFT ANNUITY TRUSTS

The Symphony receives gifts in the form of trusts and is required to pay benefits to beneficiaries as specified in the gift annuity agreement. Under these agreements, the Symphony pays a fixed annuity amount for the life of the beneficiaries and fulfills its obligation upon the death of the beneficiaries as set forth in the annuity agreements. As of August 31, 2019 and 2018, the liability associated with the remaining benefit payments, recorded in annuities payable, totaled approximately \$192,000 and \$100,000, respectively. As of August 31, 2019 and 2018, the gift annuity payable was fully backed by investments totaling \$284,000 and \$195,000, respectively. The gift annuity liability was calculated using a discount rate of 3.25% applied to future benefit payments and is included in annuities payable on the accompanying consolidated statements of financial position.

### 5. UNCONDITIONAL PROMISES TO GIVE

As of August 31, 2019 and 2018, contributors to the Symphony's fundraising campaign have made written unconditional promises to give totaling approximately \$5,193,000 and \$6,521,000, respectively, on which management has recorded a present value discount of approximately \$242,000 and \$217,000, respectively. Management has recorded an allowance for doubtful promises to give of approximately \$214,000 and \$207,000 as of August 31, 2019 and 2018, respectively. Promises to give are due as follows:

### 7. LONG-TERM DEBT

During the year ended August 31, 2017, the Endowment Trust obtained a \$2,160,000 note from PNC Bank to refinance the previous mortgage of Cathedral Parking, Inc. The note is fully secured by fixed income securities of the Endowment Trust held at PNC Bank. The note matures on May 17, 2022 and bears interest at a weekly variable rate as determined by the remarketing agent. During the years ended August 31, 2019 and 2018, the rates ranged from 3.31% to 3.76% and from 2.48% to 3.34%, respectively. As of August 31, 2019 and 2018, the rate was 3.43% and 3.32%, respectively. The outstanding balance of the note payable as of August 31, 2019 and 2018 totaled \$1,991,000 and \$2,068,000, respectively.

During February 2014, the Endowment Trust obtained a note from PNC Bank fully secured by fixed income securities of the Endowment Trust held at PNC Bank. The amount of fixed income securities pledged as collateral equals the outstanding principal plus the interest rate swap liability. The note proceeds refinanced debt, which originally funded renovations to the Meyerhoff Symphony Hall. The note matures on May 1, 2024 and bears interest at a weekly variable rate as determined by the remarketing agent. During the years ended August 31, 2019 and 2018, the rates ranged from 3.08% to 3.52% and from 2.23% to 3.09%, respectively. As of August 31, 2019 and 2018, the rate was 3.23% and 3.08%, respectively. The outstanding balance of the note payable as of August 31, 2019 and 2018 totaled \$2,873,000 and \$3,119,000, respectively.

During August 2015, the Symphony obtained a \$3,700,000 loan through PNC Bank to increase the funding and reduce future minimum contributions of the musician's pension plan liability (Note 9). The note matures on August 5, 2022 and bears interest at a rate per annum equal to the sum of LIBOR in effect on each monthly Reset Date plus 100 basis points. The amount of mutual fund securities pledged as collateral equals the outstanding principal. As of August 31, 2019 and 2018, the rate was 3.40% and 3.09%, respectively. The outstanding balance of the note payable as of August 31, 2019 and 2018 totaled \$2,220,000 and \$2,590,000, respectively.

| Less: net deferred financing costs | (2,000)         |
| Total long-term debt               | \$<br>7,082,000 |

To protect against the interest rate risk associated with the variable rate bonds issued during 2009 and repaid during 2014, the Endowment entered into an interest rate swap agreement with a financial institution with an initial notional amount of \$5,000,000 with a termination date of November 1, 2028. Under the agreement, the Endowment Trust pays a fixed interest rate of 2.455% and receives variable interest rates based upon 71% of USD LIBOR BBA Bloomberg rates. The swap agreement was not terminated in conjunction with the full repayment of the bonds during 2014. As such, the Endowment Trust continues to pay a fixed interest rate and receives variable interest rates per the agreement described above on the current outstanding notional amount. The outstanding notional amount as of August 31, 2019 and 2018 totaled \$3,060,000 and \$3,295,000, respectively. The aggregate fair value of the swap agreement at August 31, 2019 and 2018 was \$(235,000) and \$(84,000), respectively. During the years ended August 31, 2019 and 2018, the Symphony recognized a loss of approximately \$152,000 and a gain of approximately \$152,000, respectively.

Interest expense on outstanding debt was approximately \$284,000 and \$261,000 for the years ended August 31, 2019 and 2018, respectively.

Deferred financing costs included the costs incurred in conjunction with the bond issuance. These charges are being amortized over the life of the bonds (20 years) using the straight-line method. Accounting principles generally accepted in the United States of America require that the effective interest method be used to amortize financing costs; however, the effect of using the straight-line method is not materially different from the results that would have been obtained under the effective interest method. Amortization expense for each of the years ended August 31, 2019 and 2018 was \$250. Accumulated amortization as of August 31, 2019 and 2018 totaled \$2,688 and \$2,438, respectively.

### 9. EMPLOYEE BENEFIT PLANS

### **Defined Contribution Plan**

On April 17, 2008, the Orchestra established a contributory 403(b) Plan whereby employees upon commencement of service are eligible to make employee contributions and to receive contributions from the Orchestra. Eligible employees may elect to make pre-tax contributions to the 403(b) Plan subject to the annual maximum amount allowed by the Internal Revenue Code. Under the Plan, the Orchestra may make matching contributions not to exceed 4% of employee annual compensation. 403(b) Plan expense totaled \$0 during the years ended August 31, 2019 and 2018. A participant becomes 100% vested in employer contributions after the completion of six years of service.

### 9. EMPLOYEE BENEFIT PLANS - cont'd.

### Multi-Employer Defined Contribution Plan

In September 2000, the Orchestra members' pension plan was frozen. Concurrently, the Symphony began participating in the American Federation of Musicians and Employers' Pension Fund (the Fund). Contributions on behalf of each Orchestra member equal to 5.5% and 5.0% of minimum scale wages were made to the Fund during the years ended August 31, 2019 and 2018. The Fund covers every employee for whom the collective bargaining agreement requires contributions. Total contributions made by the Orchestra during each of the years ended August 31, 2019 and 2018 were approximately \$347,000 and \$391,000, respectively. The Orchestra would incur significant penalties upon withdrawal from the Fund.

### Noncontributory Defined Benefit Plans

The Symphony has two noncontributory defined benefit pension plans (the Pension Plans). The plan covering administrative personnel provides pension benefits that are based on the employee's compensation during five consecutive years of the employee's last ten fiscal years before retirement and on the number of years of benefit accrual service. Both plans provide for benefits that are based on the number of years of benefit accrual service. Pension plan funding is determined under the frozen entry age actuarial cost method in accordance with the Employee Retirement Income Security Act of 1974. As of August 31, 2019 and 2018, both plans were frozen, allowing no new participants to enter the plans.

ASC 958-715, *Not-for-Profit Entities: Retirement Benefits* (ASC 958-715), requires an employer to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability on the consolidated statement of financial position and to recognize changes in that funded status in the year changes occur as a change in net assets in the consolidated statement of activities. Funded status is measured as the difference between plan assets at fair value and the projected benefit obligation. ASC 958-715 also requires that plan assets and benefit obligations be measured as of the date of the employer's consolidated statement of financial position. Previous guidance allowed the employer to measure the assets and obligations of the plan as of a date not more than three months prior to the consolidated statement of financial position.

| periodic pension cost          | <br>2,253,000   | <br>(116,000) |

### Assumptions

Weighted average assumptions used to determine the net periodic pension cost and benefit obligations are as follows:

| _                                       | Orches | tra Plan | Administr | ative Plan |
|---|--------|----------|-----------|------------|

| Benefit obligation discount rate        | 3.00%  | 4.00%    | 3.00%     | 4.00%      |
| Net periodic pension cost discount rate | 3.00%  | 4.00%    | 3.00%     | 4.00%      |
| Expected return on plan assets          | 7.50%  | 7.50%    | 7.50%     | 7.50%      |
| Rate of increase in compensation levels | N/A    | N/A      | N/A       | N/A        |

The Symphony determines the long-term rate of return on Pension Plans' assets by taking into consideration the historical returns of various asset classes and the types of investments the Pension Plans are expected to hold. The chart below details ranges for the expected long-term returns for the asset classes in which the Pension Plans currently invest:

|                         | Orches  | tra Plan | Administrative Plan |         |  |

Assets of the Pension Plans are invested in a manner consistent with fiduciary standards of the Employee Retirement Income Security Act of 1974 (ERISA); namely, (a) the safeguards and diversity to which a prudent investor would adhere must be present, and (b) all transactions undertaken on behalf of the Pension Plans must be for the sole interest of Plan participants and beneficiaries, to provide benefits in a prudent manner. Investment objectives of the Pension Plan also include:

- Preserve the value of the Plans' assets
- Provide sufficient liquidity to fund benefit payments and meet the Plans' requirements

Plan assets are valued at fair value in accordance with ASC 820 (Note 1). A description of the valuation methodologies used for assets measured at fair value is listed below.

Interest bearing cash: Valued at cost plus accrued interest.

*Equity securities:* Valued at the closing market price of shares held by the Plans at year-end. Shares are traded on an active market.

Fixed income securities: Valued at the closing market price of shares held by the Plans at year-end. Shares are traded on an active market.
